EDUCATION

Bachelor of Technology, ECE CGPA - 8.5   2020 – present
Jaypee Institute of Information Technology

Class - XII (PCM), 92%   2020
BDS Public School

PROFESSIONAL EXPERIENCE

Web Developer Intern   06/2023 – 07/2023
iNeuron.ai 🔗
- Developed robust and scalable code using modern front-end and back-end frameworks.
- Worked on Tech stack - **ReactJs, NodeJs, ExpressJs, Firebase,** and frameworks like **MUI, Tailwindcss, Stripe, and Swiper.**

PROJECTS

BakeMeHappy 🔗   06/2023
eCommerce Online Cake Order Web App
- Developed a user-friendly web application with ReactJS, Redux, Node.js, and Express.
- Integrated Google account login, and Stripe payment gateway with 64.5% 3DS authentication.
- Managed Firebase Cloud database for up to 1000 users, storing order and payment history.

Personal Portfolio 🔗   05/2023
Website
- Created a modern, responsive web application using **HTML** (58%), **CSS** (29.8%), and **JavaScript** (12.2%).
- Implemented intuitive UI/UX components with automated navigation and a material theme.
- Enhanced user experience with **dark/night** mode options and smooth transitions using **Unicons**, **Google fonts**, and **Swiper** APIs.

Active Speech Recognition   02/2023
A CTC based ASR model
- This tool is able to accurately identify and transcribe audio files in the .wav format.
- Technologies used are: **Recurrent Neural Networks** - Connectionist Temporal Classification based model giving an accuracy of **85%** on 50 epochs of training using high-end GPU.
- Lj speech dataset has been used with around **13000-14000** different audio samples.

SKILLS

Problem Solving and Development:
C/C++, DSA, HTML, CSS, Javascript, ReactJs, Node, Firebase, MySQL, Bootstrap, Sketchup, Postman, Python.

Soft Skills:
Teamwork & Team - leadership, Management, Innovative Thinking.

CODING & PROBLEM SOLVING:

- 200+ on GeekForGeeks, Leetcode.
- 5* on Hackerrank in C++
Coding Profiles: GFG 🔗 Leetcode 🔗 Hackerrank 🔗

CERTIFICATES

- Data Structures 🔗   • ReactJs Great Learning 🔗
